10. SEGMENT INFORMATION

Rostelecom Management Body which is the chief operating decision maker started to analyze operating results of OJSC Rostelecom by macroregional branches. The results of subsidiaries are analyzed on standalone basis. Consequently, the Group has determined its macroregional branches and subsidiaries as operating segments. However, subsidiaries with the exception of Skylink do not meet quantitative threshold defined by IFRS 8 and financial information of these operating segments are combined and presented under the heading Other. Currently Group has eleven reportable segments, which are the Group's strategic business units. While differentiated geographically, the strategic business units offer mainly the same services to the customers.

Management of the Group assesses the performance of the operating segments based on the accounting data that is prepared using Russian statutory accounting principles on unconsolidated basis. A measure of segment profit or loss reported to the management of the company is earnings before interest, taxes, depreciation and amortization (EBITDA).

The tables below illustrate financial information of reportable segment required for disclosure by IFRS 8 for the year ended 30 June 2014 and 30 June 2013.

(d) Transactions with other government-related entities

In January 2009, OJSC Rostelecom in partnership with mobile operator OJSC MegaFon won a tender for sponsorship of the XXII Winter Olympic Games and the XI Winter Paralympic Games 2014 in Sochi in a category "Telecommunications". According to the agreement with the Organisation committee of XXII Winter Olympic Games and the XI Winter Paralympic Games 2014 in Sochi the sponsorship contribution amounted to USD 260 million and should be contributed by each sponsor in the amount of USD 130 million. Half of this amount must be paid in cash and the other half must be contributed in free services. In return, each partner obtained exclusive rights to use the Olympic logo in its advertising and other activity. There is a joint responsibility of the Group and MegaFon in respect of non-cash contributions. The total charge of sponsorship contribution to profit and loss for the six months ended 30 June 2014 amounted to 606 (six months ended 30 June 2013: 312).

The Group considers this transaction as a transaction with a related party because the Group treats the Organisation committee as a government-related entity. The reason for this is that the federal government was one of the founders of the Organisation committee and government executives were on the Oversight Board of this Organisation.

The Group received loans from government-related banks OJSC Sberbank, OJSC Bank VTB, OJSC Sviaz-bank and others. The outstanding balances from these banks amounted to 142,530 as at 30 June 2014 (31 December 2013: 161,730). During six months ended 30 June 2014 the Group obtained loans from these banks in amount of 133,229 (six months ended 30 June 2013: 133,945), made repayments in amount of 158,889 (six months ended 30 June 2013: 178,403). Interest expense accrued on those loans during six months ended 30 June 2014 amounted to 6,461 (six months ended 30 June 2013: 6,735).

The Group has collectively but not individually significant transactions with other government-related entities including but not limited to providing telecommunication services, consuming services having both production and miscellaneous nature, depositing and borrowing money. All these transactions are carried out in the course of normal day-to-day business operations on the terms comparable to those with other entities which are not government-related. Management assesses these transactions as not particular material except for placing deposits and purchase and sales of investments in promissory notes of government-related banks.

The amount of funds placed on deposits with government-related banks for the six months ended 30 June 2014 is 121 (six months ended 30 June 2013: 117) with related income recognised in profit and loss of 4 and 34 accordingly. Amounts repaid back to the Company's account of 332 (six months ended 30 June 2013: 175).
